THE

TROY DIRECTORY,

FOR THE YEAR

1857:

WITH A

BUSINESS DIRECTORY,

AND OTHER MISCELLANEOUS MATTER,

ALSO,

DIRECTORIES

OF

WEST TROY AND GREEN ISLAND.

VOLUME TWENTY-NINE.

TROY:
COMPILED AND PUBLISHED BY GEORGE ADAMS.
No. 211 River Street.

Entered according to Act of Congress, in the year 1857, by George Adams, in the Clerk's Office, of the District Court of the Northern District of New York.

PREFACE.

In presenting this volume of the Troy Directory, the publisher feels he has done something towards satisfying the wants and necessity of the public, and rendering the work a fit representative of the business and enterprise of the city. Very essential improvements and additions have been made in arranging the names strictly *alphabetical;* and adding to the name of a firm those of each of the partners. A Business Directory of the trades and professions has also been added, with a copious amount of interesting and miscellaneous matter.

To those who have rendered us any assistance, we return our thanks, and for any imperfections or omissions that may appear, we ask the indulgence of a generous public, trusting hereafter to issue a more complete Directory and at a much earlier period.

The attention of the reader is invited to the index to the advertising department on the next page.

The first Directory in Troy was published in 1829, by John Disturnell, and contained 1,716 names; in 1830, by Tuttle & Gregory, containing 2,340 names; in 1831, by N. Tuttle, and continued by him till 1838, when the publishers were Tuttle, Bleecker & Burton; in 1840, N. Tuttle resumed it, and continued till 1847, when Prescott & Wilson published it with 6,510 names—there was an opposition this year by J. C. Kneeland & Co., a very neat and well printed book, with a map of the city, and contained 5,670 names; Prescott & Wilson continued it till 1850; then by John F. Prescott; in 1851, C. L. Mac Arthur became publisher, and an opposition appeared in 1852 by R. V. Wilson; in 1853, Mac Arthur & Wilson published it, adding a Directory of West Troy; in 1854, C. L. Mac Arthur resumed its publication, adding the residents of Green Island, and continuing to the present year, when he was succeeded by George Adams.

Depositors wishing to withdraw money, should do so between 10 o'clock a. m. and 2 o'clock p. m.

Interest Five and a half per Cent.

The first Monday of January, April, July and October are quarter days. Money deposited on any day before a quarter day, will draw interest from the next quarter day.

Interest will be computed on the first Monday of April and October, payable the following Saturday.

Money may be deposited by any person for the benefit of a minor or other person, and not subject to be withdrawn, if so ordered at the time of depositing. Deposits made subsequent to March, 1850, by married women, may be drawn by the depositor, without the husband joining in the receipt.

INVESTMENT OF ITS FUNDS.

Three hundred thousand dollars is invested in the bonds of the city of Troy, a small amount is invested in Bonds and Mortgages, and the balance is deposited equally in the following Banks, viz: Farmers' Bank of Troy, Bank of Troy, Merchants' and Mechanics' Bank, Troy City Bank, and the Union Bank. For the security of the deposits in these banks is pledged their entire capital, amounting in the aggregate to $1,690,000, and also the personal liability of their President, Directors and Stockholders, a security far greater than that of any single Bank of Circulation.

NATURAL PERSPECTIVE DRAWING

TAUGHT BY

J. HATFIELD, of Troy, N. Y.

The system pursued by Mr. H. is of the most novel and interesting character, and consists in the classification and proper arrangement of a series of models and objects according to their respective orders, forms and angles, and by a beautiful and systematic mechanical arrangement, the objects *themselves* become the instructors, addressing themselves at once to the eye of the beholder in unmistakable language; the objects being brought out upon a horizontal plane in their natural visible forms, and tested by the correctness of the immutable CIRCLE.

A class will be formed about the 1st of November. TERMS made known by calling at No. 40 North Third Street, at which place the arrangement may be examined (by all those who feel an interest in the matter), after the 1st of September, 1857.

CAPITAL AND ACCUMULATED PREMIUMS TO MEET LOSSES.

OVER ONE MILLION !

After paying among all holding policies, in cash (not in script) dividend

Amounting to $181,000,

The surplus is divided among all the members, IN CASH, thus affording a good and certain rate of interest upon the outlay of premiums, and avoiding the large and unnecessary accumulations of unpaid dividends of uncertain tendency, and erroneously called capital.

One-half of the first five annual premiums on life policies loaned to insurers, if desired; the remaining half may be paid quarterly. The premiums are as low as those of any reliable Company.

This is the oldest American Mutual Life Insurance Company, and one of the most successful.

Insurance may be effected for the benefit of married women beyond the reach of their husband's creditors. Creditors may insure the lives of debtors. Blank forms of application for insurance, or the company's pamphlet, containing the charter, rules and regulations, also the annual reports showing the condition of the Company, will be furnished gratis.
